Blinkit

Marketing Coordinator

July 2025 - September 2025 (3 months)
Remote

Blinkit Campus Ambassador position has truly been a rewarding chapter. Over the course of this role, I had the opportunity to collaborate with peers, coordinate engaging activities, and creatively promote Blinkit on campus.

From brainstorming innovative campaigns to executing ideas that connected with students, this experience honed my skills in teamwork, leadership, communication, and campaign management. More than just learning, it was about building bonds, sharing laughs, and creating an impact together.

A huge thank you to Blinkit for giving me this platform to explore my creativity and grow professionally. Also, gratitude to my fellow ambassadors and peers for the energy, support, and collaboration that made this journey memorable.

CyberYaan Training & Consultancy

Student Ambassador

April 2024 - November 2024 (8 months)

Skills Savvy

Vice President , Co-Founder

February 2024 - November 2024 (10 months)

Lovely Professional University Jalandhar

Prodigy InfoTech

Web Developer

August 2024 - September 2024 (2 months)

During this incredible journey, I had the opportunity to create and refine some exciting projects, including:

A Stopwatch Application with advanced features like Lap recording and session saving.

Link : https://github.com/abhi-mohan/PRODIGY_WD_02--Stopwatch--

A Weather Web Application that offers real-time updates and a dynamic user experience.

Link : https://github.com/abhi-mohan/PRODIGY_WD_05--Weather-Web--

A Tic Tac Toe Game with customizable themes and player modes.

Link : https://github.com/abhi-mohan/PRODIGY_WD_03--Tic-Tac-Toe--

Working on these projects has been both challenging and rewarding, allowing me to deepen my understanding of front-end development and sharpen my skills in JavaScript, HTML, and CSS.

A heartfelt thank you to the amazing team at Prodigy InfoTech for their mentorship and support. This internship has not only expanded my technical expertise but has also ignited my passion for web development even further.

Anjali School

Project Intern
